Activity Instructions

[INTRODUCE] Introduce the activity.

» Say: "I know it's important for you to go outside for fresh air. Would you like me to help you go for a walk?"

» Do: Show the resident the materials you will be using and explain how they work, if needed.

[CHOICE] Ask the resident where they would like to walk outside.

- » Say: "Where would you like to walk?"
- » Do: Give a couple different options, based on your facility, that will be stimulating, (such as by a foundation, a flowering tree, by bird feeders, etc.) and point to them.
